Sheep like to be part of a flock or group. Help this sheep find her way back to the flock.

Bleeps about Sheep:

-  Sheep are raised in all 50 states.
-  1 pound of wool can make 10 miles of yarn.
-  When Woodrow Wilson was President, the First Lady had sheep graze on the White House lawn to keep it neat and well trimmed.
-  Female sheep are called ewes.
-  Male sheep are called rams.
